GOD IS LOVE AND NOTHING ELSE.

PRAISE THE LORD.

LETTER FROM GEORGE O. BARNES

BOWLING GREEN, KY., June 16, 1888.

DEAR INTERIOR:—Six years and a few months ago we had a memorable meeting in Bowling Green. The rushing progress of our "booming" country has touched this town, as others, and her population has almost doubled since then. They claim 10,000 now.

Beautiful indeed is the view from Reservoir Hill. The eye sweeps over as far as a landscape as one could wish to look upon. The town, half hidden in the foliage of forest trees; all untidiness quite out of sight; the graceful windings of Barren river lending the ineffable charm that running water alone can give; the alternation of woodland and cultivated land; the well-kept farms and white farm houses; church spires and public building cupolas peeping through the green; the *font ensemble* is just exquisite. Settles at proper points, outside the reservoir railing, allow one to take in the landscape without the weariness of standing to do it. Most thoughtful addition, for the benefit of elderly gentlemen, like myself, who refuse to abate artistic tastes, but whose legs are apt to give out. My benison on whoever put the benches there!

If my readers have ever an hour to spare in Bowling Green, let me beg them to treat themselves to a sight that folks would rave over, if they had to go across the "big pond" to see it. Being at home, it is, naturally, at a discount; and few ever know that it is in existence. On the Rhine, it would be the delight of tourists; photographed, praised, "so beautiful-ed," revisited. On the Barren it is ignored, and even the folks who live at the foot of Reservoir Hill don't seem to appreciate it much, or know what a gem of landscape beauty they possess. I hope this little notice will turn their attention to it, and awaken a little home enthusiasm, where it is so well deserved.

At the present writing I am in the usual "hot water." The gospel brings "a sword." It always has. It always will. If it fails to do this it is not the gospel, if I read my Bible aright, and I think "my eyes are nates."

The question is a very simple one and I answer, fairly, all the "rot" that is written and talked about the "disorganizing" effect of our gospel. Tell me, reader, when in your researches into past history you ever knew it different. So the whole thing resolves itself into the query: Is it the "gospel" I preach or not? Is it true or false? If the latter, then disprove it. I needn't say that of all my critics and opposers no one has ever had the courage to attempt a fair and square refutation of it, point by point.

What if I find, from scripture, that the dreadful current theology that ascribes the devil's doings to the LORD, is making infidels by the score? Shall I be still about it, lest the words should stir strife? Is quiet betrayal of Jesus into the hands of His foes better than the racket of defending Him? I think not. And is it better to go on believing what is untrue, than to undergo the pain of changing one's views and even retracting what we have formerly declared to be our opinions, and retracing our footsteps for many a weary league? I think not. The "agony of the tremendous excruciation" is better than the evils of continuous possession.

But in bringing this about, prejudices are stirred; friends are sometimes alienated; and, where churchianity takes precedence of christianity, offense will invariably be given. So here and now I have to regret that some who would have "plucked out their eyes and given them to me," are now rather ready to pluck out mine instead. But the defections in the old ranks are more than made up by new and zealous recruits and the work goes on.

The Franklin "boom" is more than equalled by that of Bowling Green. Until the College commencement exercises thinned our audiences somewhat, the great circuit court-room was crowded most uncomfortably. The dear people came an hour before the time for the beginning to secure seats. It gives us great encouragement in thinking that the looked-for "reaction" is coming, as we knew it would, sooner or later.

What an abounding fruit year this is! Everything loaded here—apples, peaches, pears, cherries. Blackberries beginning to come in to replace the strawberries and raspberries, going off.

Wheat harvest fairly set in. I think it likely we may go to Glasgow next. If we strike Nicholasville by the 24th our meeting may needlessly conflict with Chautauqua, in Lexington. Many of the N'ville friends will wish to attend those interesting exercises, while yet not wishing to neglect our meetings.

Nothing definitely settled yet. All well, Praise the LORD! Too melting hot to write at length.

Ever in Jesus, GEO. O. BARNES.

MT. VERNON, ROCKCASTLE COUNTY.

—Thompson sells goods at cost for cash. 2t

—Reeder & Co., will move their saw mill to Barboursville.

—Thos. J. Cress has been employed to teach our public school.

—F. L. Thompson is closing out his entire stock of goods at cost for cash. 2t

—A man was killed at Williamsburg Saturday and a boy at Corbin Sunday by freight trains.

—May & Filer's minstrels played to fair houses at the court-house Friday and Saturday nights and matinee Saturday afternoon.

—F. L. Thompson sold \$28 worth of goods to one man since inserting his "ad." goods "at cost." Thompson is a hustler from Rushtown.

—Joe Prewitt, a small boy, fell from a cherry tree Saturday morning, dislocating his arm. The doctors reset it and the boy resumed his cherry picking in the evening.

—E. T. Fish has returned from a trip to Pineville and S. E. Kentucky. Mr. and Mrs. W. J. Sparks went up to London Sunday. Conductor Rao, a main line veteran, brought down Sunday's passenger train.

—The citizens of this place held a meeting Thursday night at the court-house to discuss the question of water works. Committees were appointed to ascertain the probable cost etc. The matter is taking a tangible form and it seems from present indications that our place will eventually have some protection against fire, as well as hauling water right into the houses for daily use. It is proposed to force water by hydraulic rams from a large spring just below town to school-house hill, an elevation of 140 feet, into a reservoir and then pipe it down Main street and thence to the various houses. Hydrants are to be placed at convenient distances for fire purposes.

Impure Food.

Exceeding caution should be exercised in the purchase of a new article of food. Many recent cases of seriousness have been reported from the use of the new patent foods for infants, from untested baking powders and cheap flavoring extracts. The desire for rapid wealth induces unscrupulous manufacturers to place anything before the public that will sell at a large profit, without regard to its usefulness or healthfulness. At present there is a great raid upon the baking powder market, and so many impure and adulterated articles of this kind have been found peddled about the country that the authorities in several of the States have taken the necessary action to expose them. The report of the Ohio State Food Commission has shown that a large number of the brands sold here are made from alum, phosphates, or a cheap and adulterated cream of tartar. The danger to the public is made still greater by the unblushing effrontery with which the proprietors of these impure powders advertise them as perfect, claiming for them all kinds of false and impossible endorsements.

The official report of the Ohio State Food Commission gives the names of a number of these impure powders and the amount of impurity and inert matter in each as follows:

NAME.	PER CENT. OF IMPURITIES, ETC.
Dr. Price's.....	10.06
Sterling.....	12.01
Pearson's.....	14.39
Scinto (alum).....	18.95
Forest City (alum).....	24.04
Crown (alum).....	25.09
Silver Star (alum).....	31.85
De Land.....	32.57
Horsford's phosphate.....	39.49
Kenton (alum).....	38.17
Patagon (alum).....	40.05
One Spoon (alum).....	53.68

The impurities in the powders above-mentioned were found to consist of various matters more or less hurtful. In Dr. Price's powder the principle impurities were lime and Rochelle salts, which were found in large quantities. The impurities in Horsford's powder were composed of phosphate of soda, lime, etc., but none of the "nutritious phosphates" without which its manufacturers claim life cannot be sustained. The impurities found in the other powders named were principally alum and lime.

From the report of the Commission it is evident that the Royal Baking Powder is of the highest degree of strength and purity.

HUSTONVILLE.

—I plead apologetically that pressure of office work and the serious illness of my wife kept me off the paper last week.

—Mrs. Dr. Hayes, of Kansas, is here looking well and apparently enjoying a return to the scenes of her girlhood. She seems to be well pleased with Kansas and claims to have made many warm friends during her sojourn there.

—I understand the closing exercises of Christian College were very creditable, but was unable to be present. Neither could I attend the meeting at the church on Saturday, but presume you have been furnished with a report in full.

—The death of Mrs. Amanda Givens removes one of the last survivors of the noble band of men and women who gave character to our portion of the county half a century ago and recalls thrilling memories of an eventful portion of our history.

—Teachers and other candidates for examination are informed that the law fixes the first Friday in July for the first action of the board; there can be nothing done before that date. In the meantime it would be well for trustees to settle their differences and unite their efforts to make their houses habitable.

—Our mail by the south-bound lightening express was badly wrecked on Thursday last. In throwing off the mail at Moreland—where this train does not stop—The messenger, with lordly indifference, dropped it under the wheels and a large portion of the contents was ground to powder. I received something like a half bushel of fragments, much of which was entirely illegible.

—Why does Stanford not keep a good thing when she has it? I congratulate her, 'tis true, on her good taste in retaining Prof. Paxton, and her profound wisdom in holding on to Mr. Walton—but am astounded at her want of foresight in giving up Rev. Mr. Moffett. This step breaks up a harmonious band of the ablest young ministers possessed by any village (beg pardon, aspiring young city) in the State.

Judge Thurman commends himself to the everlasting common sense of the people. In a speech delivered recently he said: "My friends, it is not my purpose to say any harsh thing of our political opponents. That never has been my style of speaking. Even when I was a very young man—I might say not a man at all, for at the time of my first stump speech I was nothing but a boy—even then I always endeavored to keep a civil tongue in my head. I always recognized the right of every man to do his own thinking, and if he would only think honestly and be as tolerant of me as I was to him, there would be no harsh words fall from my lips in respect to him; and so in the contests of our own party it never has been my habit to quarrel with those who did not think just as I thought."

Little Newton Vaughan, after having the parable of the lost sheep read to him was asked "what he supposed the Shepherd wanted with the sheep." "To skin him and sell his hide" was the unexpected reply. Another little fellow on being asked "what kind of boys go to heaven?" "Good ones," created a smile by answering, "Dead boys."

Farmers of the United States receive more clear money from chickens and eggs than from any other one source, and it is a fact that Gantler's chicken cholera cure is daily adding to that revenue. Sold and warranted to cure by McRoberts & Stagg. 2t

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of the Lungs, and friends and physicians pronounced me an incurable consumptive. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle and able to oversee the work on my farm. It is the finest medicine ever made." Jesse Middewater, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Trouble. Was given up by doctors. Am now in the best of health." Sample bottles free at A. R. Penny's drug store.

Shiloh's Catarrh Remedy, a positive cure for Catarrh, Dysphtheria and Canker-Mouth. McRoberts & Stagg, Stanford, Ky., and Crow & Co., McKinney, Ky.

The Rev. Geo. H. Thayer, of Bourbon, Ind. says: "Both myself and wife owe our lives to Shiloh's Consumption Cure. McRoberts & Stagg, Stanford, Ky., and Crow & Co., McKinney, Ky."

And the efficacy of its action have rendered the famous California liquid fruit remedy, Syrup of Figs, immensely popular. It Cleanses and Tones up the clogged and feverish System, and dispels Head-aches, Colds, and Fevers. For sale by A. R. Penny, Stanford.

THE PROHIBITION CANDIDATES.

GENERAL CLINTON B. FISK.

JOHN A. BROOKS.

These are the cold water candidates, a good looking pair, who don't expect to be elected, but who will be satisfied to be still in the ring at the close of the fight, even if somewhat disfigured.

CHURCH AFFAIRS.

—The Presbyterians now think their church will be ready for dedication by the 1st Sunday in July, due notice of which will be given.

—The African Methodist Church has a membership in the United States of \$34,430 and they own church property to the amount of \$5,550,000.

—Rev. John L. Smith, who was for 20 years shepherd of the flock at Providence church, preached an excellent sermon to the Baptist congregation here Sunday.

—Already 237 delegates have signified their intention of attending the General Association of Kentucky Baptists, which convenes at Eminence to-morrow, and homes have been secured for them.

—Elder J. S. Sweeney, of Paris, has been offered \$2,000 to go to California to preach a series of sermons. His church has granted him a six weeks leave of absence and he will leave for that State the 1st of July.

—The Rev. Mr. Noel, of Lancaster, is claiming the authorship of the remark for which Sam Jones has had the discredit, that "a man who sweats will steal." Mr. Noel is laboring under a strong delusion if he believes such foolish expressions as that will add to his reputation for wisdom or piety. [Courier-Journal.] We have too good an opinion of Mr. Noel to think he would claim the authorship of such damnable rot, or give utterance to it.

Dr. Cottrell seems as much struck on Bro. Barnes as he is on him. The Franklin Favorite says he devoted a sermon to him, in which he eulogized the evangelist and told how helpful and refreshing his ministry had been to him. The paper also speaks in high terms of his work in Franklin, but takes issue with him in his notion about the resurrection of animals and vegetables, and characterizes it as silly and absurd in the extreme. Bro. B. can probably stand it, however.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A pure medicine does not exist and it is guaranteed to do all that is claimed. Will drive Malaria from the system and prevent as well as cure all Malarial Fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed or money refunded. Price 50c and \$1 per bottle at A. R. Penny's drug store.
